The neighborhood

1. It's a 2 minute walk from a Coco Store
2. It's a 5 minute drive from San-Ye
3. It's within walking distance from a slaughterhouse.

B. How long have you lived there?

- I've lived in Tomigusuku for over three years.
- It's nice and cozy, and I'm used to it.
- I have **some complaints**, but since I don't pay rent, I can **put up with it**.

- In **Taipei**, I lived on **the top floor** of a four-story apartment.
- It **was within walking distance** of about a million restaurants and stores.

C. Where do you want to settle down in the future?

For some reason, I've **always wanted** to live in a house in Haeburu. I especially like Miyahira heights. It's within walking distance from a really nice basketball court. A garden and patio **would be really nice**. I don't want to have an ocean view, because it wouldn't be fun to go to cafes in Tamagusuku anymore.

D. When is the right time to buy a house?
